to the batch containing duplicate copies of the annual ITRs after the assigned RO has completed the pre-audit thereof. For revenue regions where the storage and processing of tax returns are assigned to the Data Processing Divisions, pre-audit shall be done by the RO by viewing the imaged returns. Only where there are discrepancies/findings upon pre-audit shall the tax returns be printed.

7. If in the course of the pre-audit of the tax return, it has been established by the RO that a thorough audit/investigation is necessary, the RO assigned may recommend to the Regional Director, through his Revenue District Officer, the audit/investigation of all internal revenue tax liabilities of the concerned taxpayer. A written justification shall be prepared and submitted to the Regional Director for approval.
