**REVENUE MEMORANDUM ORDER NO. 24-2008**

**SUBJECT : Policies and Guidelines for RATE Cases**  
**TO : All Internal Revenue Officials, Employees and Others Concerned**

---

***A. OBJECTIVE***

To provide the policies and guidelines for the development, investigation and prosecution of cases under the Run After Tax Evaders (RATE) Program of the Bureau.

***B. BACKGROUND***

Under the RATE Program, the Bureau is mandated to investigate criminal violations of the National Internal Revenue Code of 1997 and assist in the prosecution of criminal cases that will generate the maximum deterrent effect, enhance voluntary compliance, and promote public confidence in the tax system.

Before the inception of the RATE Program, the emphasis on the tax enforcement policy has always been on assessment and collection of taxes. The criminal aspect of any violation of internal revenue laws and regulations was not pursued as long as the taxpayers paid the taxes assessed against them. As such, upon payment and collection of the deficiency taxes, the cases against such erring taxpayers are usually withdrawn or dismissed.

However, the Bureau had recently realized that maintaining public confidence in the fairness of the tax system is vital to effective tax administration. By investigating potential violations of the Tax Code and prosecuting tax offenders, the taxpaying public would recognize and be aware that the BIR is committed to ensure that everyone is paying their fair share of taxes. Consequently, this would lead to a change in the "risk equation" since potential tax offenders would now think twice before committing any infraction of our tax laws.

### **C. POLICIES**

1. In the prosecution of criminal cases for violation of internal revenue laws, the service of the Assessment Notice to the taxpayer is not a requirement as enunciated by the Supreme Court in the cases of Ungab vs. Cusi (G.R. No. L-41919-24 dated May 30, 1980) and CIR vs. Pascor Realty & Development Corp., et. al. (G.R. No. 128315 dated June 29, 1999).

However, considering the provisions of Section 7 of Republic Act No. 9282 (An Act Expanding the Jurisdiction of the CTA, etc.) which provides that the criminal action and the corresponding civil action for the recovery of civil liability for taxes and penalties shall at all times be simultaneously instituted with and jointly determined in the proceedings before the CTA and that the filing of the criminal action being deemed to necessarily carry with it the filing of the civil action, no right to reserve the filing of such civil action separately from the criminal action will be recognized. RATE cases filed with the Court of Tax Appeals (CTA) must, as much as possible, be accompanied by an initial assessment.

2. Letters of Authority (L/A) for RATE cases to be investigated by the National Investigation Division (NID) / Policy Cases Division (PCD) shall be signed by the Deputy Commissioner for Legal & Inspection Group (DCIR-LIG), while L/As for RATE cases in the Regional Office/s (RO) shall be signed by the Regional Director.
3. Issuance of L/As shall cover only the taxable years where *prima facie* evidence of fraud or violation of the provisions of the Tax Code (NIRC) has been established unless the investigation of prior or subsequent years are necessary to determine or trace continuing transactions entered into in the covered year and concluding thereafter, or transactions concluding in the covered year which started in the prior years, or it could be established that the same scheme had also been utilized for the prior and/or subsequent years.
4. For RATE cases, the NID and PCD of the National Office and Special Investigation Division (SID) of the respective Regional Offices may conduct a second examination or inspection of the taxpayer's books of accounts and other accounting records even if the regular audit examination had been conducted thereon, subject to the provisions of Section 235 of the Tax Code of 1997. However, any payment of deficiency tax or any amount assessed on the first investigation case shall be credited against the assessment in the second case if the findings/discrepancies in the second investigation include the same findings or issues identified during the regular audit covered by the first L/A.
5. To avoid duplication of L/As and/or simultaneous investigation of the same taxpayer covering the current taxable year, verification with the Letter of

Authority Monitoring System (LAMS) by the NID, PCD and SID is hereby made mandatory.

For this purpose, each district office shall submit to the Regional Director, DCIR-LIG and Office of the Commissioner (OCIR) a list duly certified by the Revenue District Officer (RDO) or Assistant Revenue District Officer (ARDO), and enumerating therein all the taxpayers in their respective districts that are included in the Taxpayer Account Management Program (TAMP) on or before January 31 of each year. As to the current year, the District Office shall submit the list on or before July 5, 2008.

6. The provisions of the LAMS relating to the encoding and status updating of L/As issued by all BIR investigating offices (under Revenue Memorandum Order (RMO) No. 8-2006) shall be strictly enforced. Any violation thereon shall subject the offender to the appropriate administrative sanctions.

For a case under fraud investigation after the necessary preliminary investigation revealed *prima facie* evidence of fraud where LAMS verification indicate that no L/A was issued to the subject taxpayer for the current taxable period, the L/A shall be issued to the NID, PCD or SID as a matter of course. Otherwise, the issuance of the L/A to the NID, PCD or SID shall be suspended. Instead, the NID, PCD or SID shall notify the concerned BIR investigating office about its fraud investigation and advise the latter to immediately forward the tax docket for review after the termination of its regular audit. The District Office shall terminate its audit within thirty (30) days from receipt of such notice from the NID, PCD or SID.

If review of the case docket after termination of the regular audit shows that issues of fraud were still left unresolved during the regular audit, the issuance of L/A against the taxpayer by the NID, PCD or SID shall resume. Otherwise, the L/A being requested by the NID, PCD or SID shall no longer be issued and the case docket shall be returned to the concerned regional office.

Notwithstanding the foregoing, the CIR may, however, at any stage of the investigation, decide to refer the investigation of the taxpayer to the NID or SID.

7. To speed up the development of RATE cases, the Revenue District Offices shall act immediately on all requests made by NID, PCD or SID for information or data needed to validate or build up a RATE case. Failure to supply the requested information or data within a timely manner shall subject the offender to the appropriate administrative sanctions.
8. Except for RATE cases, priority shall be given to the audit examination being conducted by BIR Offices having regular jurisdiction over taxpayers included in the Bureau's Taxpayer Account Management Program (TAMP). However, upon discovery of any indication of fraud during the regular audit examination, the said BIR Office shall immediately transmit

the records of the case to the NID, PCD or SID for possible RATE investigation.

9. RATE cases may be developed out of findings of infractions under the Third Party Information Program.

#### **D. CRITERIA**

To qualify under the RATE Program, a case must conform to the following conditions:

#### **E. JURISDICTION**

The NID and PCD shall conduct or undertake the investigation of RATE cases in the National Office, while the SID of each Revenue Region shall conduct or undertake the investigation of RATE cases in the regional offices.

To avoid jurisdictional conflict, the NID or PCD shall have jurisdiction over the investigation of RATE cases initiated and/or developed by it; those cases referred by other investigating units; and cases assigned by the CIR. The SIDs shall be responsible for all RATE cases initiated and/or developed by it and those cases referred to it by the Regional Director. In any case where the NID, PCD and/or SID initiated and/or developed the same case, the DCIR-LIG as head of the RATE Program shall determine which Office will handle the RATE investigation and correspondingly issue the L/A to the said Office.

However, the Revenue District Offices shall develop their own RATE cases.
