REVENUE MEMORANDUM ORDER NO. 25-2021

Subject : Online Pre-Employment Examination (OPE)

To : All Revenue Officials and Employees Concerned

I. BACKGROUND

The COVID-19 pandemic has caused unprecedented challenges both for people and society across the world. The pandemic has caused restricted mobility and interpersonal contact in order to prevent further transmission of the virus. In the Philippines, many industries have been affected and recruitment process is no exception. Its impact on recruitment process across the country cannot be ignored.

The Civil Service Commission (CSC) issued Memorandum Circular No. 14, s 2020 Subject: Interim Guidelines on Appointments and Other Human Resource Actions for the Period of State of Calamity Due to COVID-19 Pandemic and it states that,

"2. Recruitment and Selection Process

Agencies shall adopt internal guidelines that will allow for online recruitment and selection processes such as online competency assessments, video conferencing for interviews and HRMPSB deliberations."

As part of the recruitment efforts of the Bureau to ensure that all recruitment, selection and placement processes (RSP) are all in accordance to the CSC rules and regulations wherein merit and fitness are the basis for selection for hiring a qualified candidate, the Bureau has been conducting paper-and-pen pre-employment examination nationwide. In March 2021, the OPE has been introduced as an alternative to the paper-and-pen pre-employment examination to cater Revenue Regions that require air or sea travel and/or considered as Interzonal Travel by the Inter-Agency Task Force (IATF).

The OPE has been adopted to ensure that the limitations and negative impacts brought about by the pandemic will not hinder the recruitment process of the Bureau. Likewise, the OPE is being done to meet the Resource Management Group's Key Performance Indicator under its priority program to expedite the recruitment process in the Bureau. The Bureau would like to continuously provide job opportunities especially to those who have lost their jobs during the pandemic while ensuring everyone's safety and well-being. Despite the challenges brought about by these extremely difficult circumstances, the BIR chose to thrive and develop innovative solution. Apart from this, the OPE has become an integral part of the Bureau's Recruitment, Selection and Placement System under the Human Resource Information System (HRIS) Project, which is in line with the BIR Digitalization (DX) Program for Enhancing Administration and Support Services of BIR.
