**REVENUE MEMORANDUM ORDER NO. 28-2007**

**SUBJECT:** Prescribing Guidelines and Procedures in the Transmittal and Processing of the Annual Information Return on Income Taxes Withheld on Compensation and Final Withholding Taxes (BIR Form No. 1604-CF), Annual Information Return of Creditable Taxes Withheld - Expanded/Income Payments Exempt from Withholding Tax (BIR Form No. 1604-E) and Monthly/Quarterly/Transactional Remittance Returns (BIR Forms Nos. 1601C, 1601E, 1601F, 1600, 1606, 1602, 1603) with the Monthly Alphalist of Payees (MAP) and Returns Required to have Summary Alphalist of Withholding Agents of Income Payments Subjected to Tax Withheld at Source (SAWT) (1701, 1702, 2550Q, 2551M, 2551Q, etc.) under Revenue Regulations No. 2-2006 and Procedures in the Extraction, Matching, Analysis, Dissemination, Utilization of payor/payees data including Monitoring the Extent of Compliance of Withholding Agents and Income Recipients subject to Withholding Tax through the Tax Reconciliation System

**TO :** All Internal Revenue Officers and Others Concerned

---

**I. BACKGROUND and COVERAGE**

The Tax Reconciliation System (TRS) using the tool of a Centralized Data Warehouse (DW) is geared towards enhancing revenue collection by computerized matching of data available under the Bureau's Integrated Tax System (ITS) (i.e., tax returns of income recipients such as BIR Form Nos. 1701, 1702, 2550Q, 2551M, 2551Q, etc.) with data gathered from withholding agents such as the Alphalist of Payees/ Income Recipient /Employees attached to various withholding tax forms like the Annual Information Return on Income Taxes Withheld on Compensation and Final Withholding Taxes (BIR Form No. 1604-CF); Annual Information Return of Creditable Taxes Withheld - Expanded/Income Payments Exempt from Withholding Tax (BIR Form No. 1604-E) and Monthly/Quarterly/Transactional Remittance Returns of Withholding Taxes (BIR Forms Nos. 1601C, 1601E, 1601F, 1600, 1602, 1603, 1606).

Through the consolidation and cross-referencing of data from withholding agents (WAs) and declaration of income recipients, discrepancy reports can be generated to uncover violations on tax rules and regulations such as under declaration of income, non-declaration of income, under remittance and/or non-remittance of taxes withheld, over withholding, under withholding, over declaration of credits to name a few. Timely recognition and accurate reporting of unregistered taxpayers and non-filers will also be possible.

This Order shall cover all annual information returns filed in soft copy and/or hard copy which are encoded/ uploaded for calendar year 2005 and subsequent years. It likewise

covers all withholding tax returns including those with attached Monthly Alphalist of Payees (MAP) and tax returns of income recipient with attached electronic or hard copy of SAWT beginning January 2006. The returns filed by Large Taxpayers shall be processed by the Large Taxpayers Service (LTS) and all other returns filed by non-large taxpayers shall be processed by the Withholding Tax Division (WTD), during the pilot stage and until system is fully operational, and thereafter, shall be handled by the concerned Revenue District Offices (RDOs). The sales/revenue/income figure of a taxpayer arrived at under the TRS matching system or procedure shall be compared with the sales/revenue/income arrived at under the RELIEF System and the resulting higher figure between the two figures generated separately under the two different matching systems shall be the presumed correct sales/revenue/income of the payee/income recipient.

## **II. OBJECTIVES**

The LTDO/ACIR-CS or the concerned RDO (after the pilot stage) shall recommend the conversion of TRS-LNs to Letters of Authority (LAs) for the assessment of deficiency taxes, if any, if the conditions stated under subsections Z and AA exist. However, the LA to be issued shall only be an issue-based LA covering the issues discovered in the generation of the LN.

**“Pilot Stage”** shall mean the pilot run of matched TRS data resulting to the issuance of TRS-LN. Thereafter, any succeeding TRS-LN will be done in the RDO level unless, the CIR, in the interest of the Bureau allows the WTD or another national office task force to continue their function as stated in this RMO.

TRS-LN shall be delivered to the taxpayer through registered mail and/or personal delivery.

- D.** Information to be drawn from the TRS shall be classified into two (2) major groups, namely: “Processed” and “Preprocessed” TRS data.

“**Processed**” TRS data refers to data matched by the system following defined threshold by the Commissioner.

“**Preprocessed**” TRS data refers to historical data on withholding tax details that are enhanced with registration information matching. The data may or may not have been consolidated yet.

TRS data consist of information submitted by the taxpayer thru the following returns:

- Annual Information of Income Tax Withheld on Compensation and Final Withholding Taxes (BIR Form No. 1604-CF)
- Annual Information of Creditable Income Taxes Withheld (Expanded)/ Income Payments Exempt from Withholding Taxes (BIR Form No. 1604-E)

- Returns with Monthly Alphalist of Payees (MAP)
- Returns with Summary Alphalist of Withholding Agents (SAWT)

- E.** The concerned offices under the Information Systems Group (ISG) shall be responsible for developing the TRS infrastructure and establishing a centralized TRS database that serves as a comprehensive integrated resource network that will allow the automatic matching of processed TRS data.
- F.** The Systems Operations Division (SOD) of the Information Systems Operations Service (ISOS) shall be the office responsible for generating the following:

- List of Taxpayers with discrepancies within the threshold amount set by the management for the generation of TRS-LN.
- System-generated TRS-LNs plus Details of Withholding Agents/Payors and Payees/Income Recipient Report (DWAPR).

**DWAPR** refers to taxpayer’s income payments/purchases and withholding taxes as reported in the Alphalists submitted by withholding agents and the payees/income recipients reported sales/revenues/receipts in the Income Tax Return, VAT Return, and Percentage Tax Return, including the SAWT, whichever is applicable.

- G.** Taxpayers in the discrepancy lists to be generated by the SOD shall be sorted by Revenue Region (RR)/Revenue District Office (RDO)/Large Taxpayers District Office (LTDO) and arranged in alphabetical order prior to the assignment of a control number for identification and easy monitoring as well as by the amount of discrepancy for purposes of priority action to be undertaken.
- H.** The LTS for large taxpayers and during the pilot stage, the WTD, under the CS, for all other taxpayers, in coordination with the concerned offices of ISG, shall be responsible for evaluating, processing, and monitoring the TRS-LN together with the DWAPR and shall recommend other ADHOC reports, as may be needed by the management.

- I.** Any collection under this undertaking shall be for the account of the RDO where the subject taxpayer is registered. Hence, WTD during the pilot stage shall not be subject to attrition.
- J.** The WTD, through the CS shall recommend to the DCIR-OG and CIR a set of TRS threshold of discrepancy.
- K.** The concerned offices under the ISG shall be responsible for developing a computerized tracking system to monitor collection data arising from TRS-LNs issued.
- L.** The monitoring of TRS-LNs and collection therefrom shall be the responsibility of the ACIR- CS/ACIR- LTS but the monitoring of the whole process shall be the responsibility of the Office of DCIR -OG and CIR.
- M.** For the effective implementation of the TRS, the WTD, in consultation with the concerned offices under the ISG and OG, shall conduct, on a continuing basis, quality review of the system and recommend enhancements, whenever necessary.
- N.** The concerned offices under the ISG shall ensure timely generation of the discrepancy reports which, per se, depends on the timeliness of the DW update.
- O.** In as much as TRS-LNs are considered as LA for purposes of amending the returns, returns covering the periods and/or transactions referred to in the TRS-LNs can no longer be amended The returns referred to herein shall include all returns and schedules required to be submitted. Moreover, if there are no returns initially filed or schedules attached thereto, the taxpayer may no longer file a return by way of a “late compliance” considering that the Commissioner has made a computation of the tax base and tax due in his behalf.
- P.** The Monthly Status Report on TRS- LNs issued, in the format prescribed herein shall be submitted by the investigating offices to WTD for consolidation and for the ACIR-CS/DCIR-OG/CIR to monitor.
- Q.** The RD/ACIR or HREA-LTS, as the case may be , shall approve all requests for access to “Preprocessed” TRS data which shall be covered by a Request Form (RF). Access to “Preprocessed” TRS Data shall be limited to taxpayers for whom Letters of Authority (LAs) have been issued. For National Investigation Division (NID) cases, access shall be granted only where the request has been duly noted by the Deputy Commissioner - Legal and Inspection Group (DCIR-LIG).
- R.** The WTD shall act on all approved request for access to “Preprocessed” TRS data by the concerned investigating offices.
- S.** The RDs, ACIR-LTS (in the absence of ACIR, concerned HREA of LTS) and ACIR-CS shall be responsible for monitoring and evaluating the utilization by the requesting office(s) of the “Preprocessed” TRS data. A Quarterly Status Report on “Preprocessed” TRS Data Utilization, in a format prescribed herein, shall be submitted by the concerned LTS/LTDO/other investigating offices, thru RDs/ACIR or HREA-LTS/ACIR-CS, to WTD.

- T.** The WTD shall conduct, on a periodic basis, a reconciliation of all preprocessed TRS data farmed out to the requesting office(s) by comparing/matching the TRS data disseminated to the investigating office(s) with the Quarterly Status Report on “Preprocessed” TRS Data Utilization submitted by the same.
- U.** All TRS data disseminated to any Revenue Officer (RO) shall be utilized in the conduct of investigation (field audit or table audit) and the extent of utilization of said data shall be fully disclosed in the report of investigation/reinvestigation. The heads of the concerned WTD/LTDO/ investigating office shall be responsible for all TRS data furnished to the revenue officer(s) under their jurisdiction. For this purpose, the Assessment Division (AD) in the Regional Offices or any other offices authorized to review reports of investigation shall be furnished with copies of the TRS data disseminated to ensure proper utilization of the same.
- V.** Any record extracted from the DW shall be considered strictly confidential and shall be used exclusively for internal revenue tax purposes. All employees who in any way have access to the system should be informed of the legal provisions governing unlawful disclosure of information.
- W.** In the pilot phase, taxpayers to whom TRS-LNs were issued shall, aside from the payment of the required deficiency income taxes, pay the VAT and percentage taxes resulting from the findings of discrepancy in the TRS-LN.
- X.** The deficiency income and value added taxes/percentage taxes shall be computed using the formulas prescribed herein (Annex ‘P’) and the corresponding payment shall be made using BIR Form No. 0605.
- Y.** The herein prescribed formulas for the computation of the deficiency taxes shall apply only to TRS-LNs issued to taxpayers that are not the subject of an investigation pursuant to an LA, since under the “no-contact-audit approach”, the concerned RO has no opportunity to examine the records of the taxpayer for purposes of determining its true tax liabilities.
- Z.** The settlement and payment of the deficiency taxes under the TRS-LN or issue-based LA shall not preclude the Bureau from issuing a LA covering the comprehensive audit of a taxpayer’s tax liability, if warranted. However, any payment of deficiency taxes pursuant to TRS-LN shall be credited against any assessment that may be made by the appropriate BIR Office pursuant to a notice of investigation or LA provided the discrepancies disclosed by said audit are of the same nature as the discrepancies reflected in the TRS-LN for the same taxable year.
- AA.** If the taxpayer received the TRS-LN but fails to respond within fifteen (15) days from receipt of the TRS-LN, the LTDO /investigating office shall issue a follow-up letter (Annex “R”). If despite the follow-up letter received by the TP, still no response within fifteen (15) days is received from the taxpayer, prepare issue-based Letter of Authority, “Notice for Informal Conference” and if no response within fifteen (15) days from receipt, transmit the docket to the Assessment Division or equivalent office for PAN/FAN preparation. WTD shall prepare LA/PAN/FAN during the pilot stage. Forward to the DCIR-OG, through the Collection Service, the docket attaching thereto the duly received copy of TRS-LN, DWARP, follow-up letter, duly issued issue-based

LA, for issuance of PAN and FAN, as the case may be, following the guidelines and procedures provided by RR No.12-99. However, for TRS-LN covering taxable 2005, no follow up letter is necessary. After the lapse of 15 days from delivery of the TRS-LN and no response is received, an issue-based LA shall be issued. (For pilot stage where cases are handled by the WITHHOLDING TAX DIVISION, the LA shall be signed by the DCIR-OG.) Thereafter, the Notice for Informal Conference shall be immediately issued/released. If still no response within fifteen (15) days from service of the Notice for Informal Conference is received, PAN and later FAN shall be issued by the DCIR-OG.

- BB.** In the event a taxpayer who has been issued a TRS-LN refutes the discrepancy shown thereon, the RO concerned shall, upon receipt of the protest letter of the taxpayer, evaluate the protest and require the latter to execute a Sworn Statement attesting to the alleged inaccuracies or errors in the data submitted by payor/payee or third party source. The payor/payee or third party source shall also be required to execute a Sworn Statement attesting to the data provided.

In case the above discrepancies remained unresolved at the end of the thirty (30) day period, the RO assigned to handle the TRS-LN shall recommend the issuance of issue-based LA to replace the TRS-LN. The head of the concerned investigating office shall submit a summary list of TRS-LNs for conversion to LAs (using the herein prescribed format in Annex "O2" hereof) to the DCIR-OG during the pilot stage /ACIR-LTS / RD for the preparation of the corresponding LAs with the notation "This LA cancels TRS-LN No. \_\_\_\_\_." The issue-based LA shall be reported within 30 days, for regional cases and 60 days, for LTS cases from issuance thereof.

- CC.** The audit to be conducted pursuant to an LA should be an issue-based audit focusing on the information provided by the payor/payee and the explanations furnished by the taxpayer. The audit shall be undertaken following the audit procedures and techniques under Revenue Audit Memorandum Order (RAMO) Nos. 1-2000, 2-95, 1-91 and 1-90. The RO concerned shall also comply with the reporting requirements prescribed under RMO No. 53-98, whichever is applicable.

In case a TRS-LN is issued to a taxpayer who is already the subject of an investigation pursuant to an LA for the period covered by the said TRS-LN, the TRS-LN shall not be considered cancelled but instead, processing should be consolidated with the investigation being conducted pursuant to the LA and shall form part of the audit docket. The TRS discrepancy reflected in the said TRS-LN should be properly utilized by including the extent of its utilization in the report of investigation by the concerned RO. The audit docket with the consolidation of the TRS-LN shall be subject to approval by the DCIR-OG, for regional cases, and Commissioner, for LTS cases. Dockets of TRS-LN where payment is in accordance with the findings in the matching process of the computer system shall be approved by the regional director for regional cases, (DCIR-OG for pilot stage) concerned HREA/ACIR-LTS for LTS cases. In case there is deviation from the resulting figure of the computer matching process, final approval shall be done by the DCIR-OG, for regional cases, and CIR for LTS cases after, of course, proper evaluation and recommendation by the concerned/appropriate investigating office, thru channels.

- DD.** For effective monitoring and to ensure proper utilization of the TRS data relative to TRS-LNs issued to taxpayers who are subjects of investigation pursuant to LAs for the same period (whether the LAs were issued before or subsequent to TRS-LN issuance), the concerned investigating offices shall prepare a Monthly Collection Report on LAs with TRS-LN Discrepancy using the format prescribed in Annex “O3” hereof, for submission to the ACIR-CS/ACIR or HREA-LTS/RD, copy furnished the WTD and DCIR-OG on or before the 10<sup>th</sup> day following the close of each month.
- EE.** The Preliminary Assessment Notice (PAN)/Final Assessment Notice (FAN) shall be issued by the Commissioner, after evaluation by the Assistant Commissioner (ACIR)/Head Revenue Executive Assistant(HREA)-LTS, for LTS cases, or Deputy Commissioner-Operations Group (DCIR-OG), after evaluation by the Assistant Commissioner (ACIR)-Collection Service (CS), for non-LTS cases. However, if the findings reflected in the TRS-LN is not changed in the PAN/FAN, same shall be signed by the Regional Director/ACIR or HREA-LTS.
- FF.** After the pilot stage, processing of TRS-LN shall be totally devolved to the investigating offices (Regional Office/LTS) hence, issuance of issue-based LA/ Informal Conference/PAN/FAN up to the termination of the case which are being handled by the WTD-CS and DCIR-OG or CIR shall be done by the concerned investigating, reviewing and approving offices in the Regional Offices or LTS. However, if the findings reflected in the TRS-LN is changed by the Region/LTS, docket shall be approved by DCIR-OG/CIR.
